## COLORADO REPUBLICANS ARE DEAD-LOCKED

(Continued From Page One.)

majority report of the resolutions committee.

This question, which has assumed proportions that make it practically an issue between the Republicans and Democrats in this state in the coming campaign, will decide the fate of the two leading candidates for the nomination for governor, senator John B. Stephen and Rush L. Holland. Stephen can scarcely accept the nomination on a platform condemning the initiative and referendum, while Holland has announced that he will not run on a platform endorsing it.

The platform indorses the Taft administration, declares the tariff law to be a substantial revision downward, praises the creation of a tariff commission and approves the principles of conservation as outlined in the president's speech at St. Paul, with the added declaration that conservation must be for the benefit of the states in which the natural resources lie. It is settled that such acts of United States senator Guggenheim as aided in upbuilding the state will be commended, but no mention will be made of the probability of his reelection.

## SHERMAN AND ROOSEVELT MEN EACH CLAIM VICTORY

Sherman Falls to Carry His Own Precinct in New York State Primaries—Each Side Makes Claims.

New York, Sept. 21.—Vice president James S. Sherman, candidate of the "Old Guard" for temporary chairman of the Republican state convention, was defeated in his own assembly district, the second, of Oneida county, and in his own ward in the city of Utica, at the primaries yesterday. Ex-assemblyman Merwin K. Hart, of Utica, one of the progressive leaders, failed to carry his own ward which is in Mr. Sherman's district.

As the result of primaries held yesterday, in Buffalo, Rochester, Syracuse, Albany, Troy and in other cities and counties upstate, Timothy L. Woodruff, chairman of the Republican state committee, and William Barnes, jr., at Albany, predict Mr. Sherman's election as temporary chairman of the state convention by a substantial majority.

Lloyd C. Griscom, president of the

New York county Republican committee, leader of the progressives, declares that Mr. Barnes's claims that Mr. Sherman would have a majority of 55 in the convention are absurd and expresses confidence that Mr. Roosevelt will be named.

Nassau county elected Theodore Roosevelt to head the delegation to the state convention and the adjoining county of Suffolk also elected a Roosevelt delegation.

Leaders of the Roosevelt forces in this state declared today that the defeat of vice president Sherman in his home district in yesterday's primaries meant a victory for the progressive Republicans in the state convention.

Many counties elected uninstructed delegations, which gives a decided element of uncertainty to the outcome.

## ROOSEVELT DID NOT SEEK TAFT INTERVIEW

New York, Sept. 21.—Theodore Roosevelt denies that he went to New Haven, Conn., to seek the help of President Taft in the New York state fight and that the president had refused his request.

"Without any suggestion from me, Lloyd Griscom asked me if I would be willing to meet the president and I said that of course I would," said Mr. Roosevelt. "Mr. Griscom had at first mentioned New York as the place of meeting, but wired me at Syracuse on Saturday that it would be New Haven, and I went there accordingly."

"I sought no help from the president and made no request of the president, directly or indirectly, and had no request to make."

"Our interview was most cordial and pleasant, and without any question or request from me the president stated to me that he hoped we would win at Saratoga and that he had so informed Mr. Griscom, his remarks being in substance as those attributed to him in the dispatches from the correspondents from on the presidential train."

"Our meeting was enjoyable in every way and I was glad I went."

## N. J. REPUBLICANS NAME GUBERNATORIAL CANDIDATE

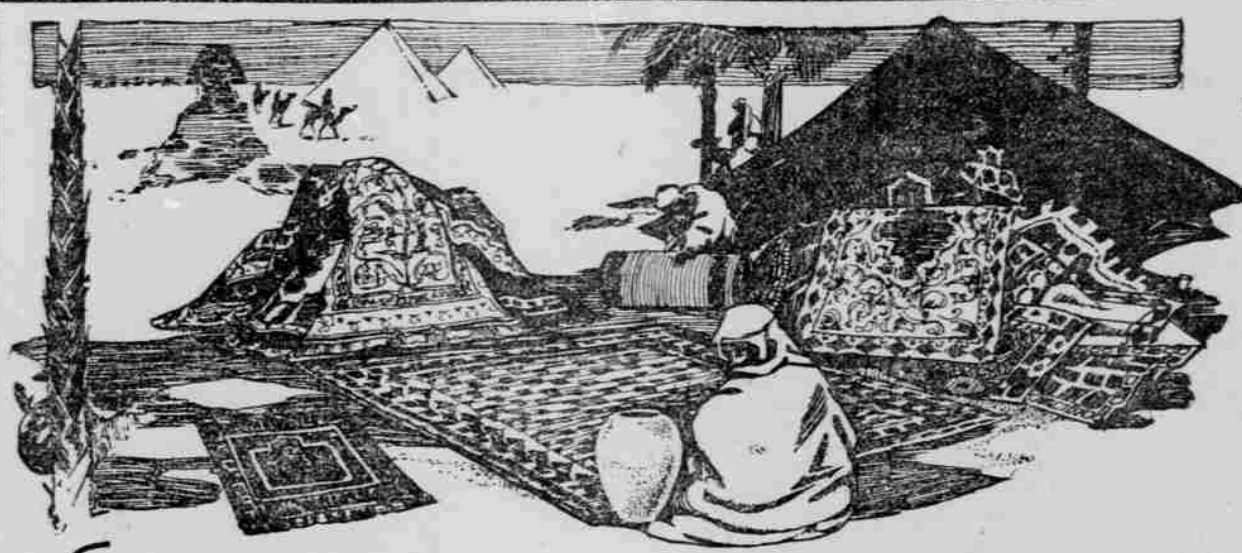

Trenton, N. J., Sept. 21.—Vivian M. Lewis was nominated for governor on the first ballot at the New Jersey Republican state convention.

The platform as prepared by the state committee, was materially altered, particularly in the matter of conferring rate making power upon the public utilities commission.

A subcommittee of the state committee last night prepared a draft of a platform in which rate making power was not endorsed. Mr. Lewis objected to this and stood out for a specific declaration for rate making power.

## JIM TAWNEY IS DEFEATED

(Continued from Page One.)

ted, it was claimed, in which he attacked the record of Tawney. The latter's reply this week in which he charged Pinchot with improper use of public money by a falling support from free lumber tariff bill, proved Mr. Tawney's only speech of the primaries. Incidentally in that address, Tawney defended his public career and the keynote was that he believed in government by law which made impossible the Roosevelt commissions, the extension of the secret service and the further expenditure of money by Pinchot.

Francis J. Heney, the California graft prosecutor and prominent Wisconsin insurance agent, successful at the primaries in that state, also took the stump against Tawney.
